Mike Hull
Superior Electric Company
212 West Sheridan Road
Lansing, MI 48906

Dear Mike,

This letter is written on behalf of Mike Schultz. As you know, Mike worked with us on the Hannah Administration Building 4th Floor renovation project. It was a very positive experience. Mike is hard working, dedicated, and diligent in carrying out his responsibilities. It was very helpful to have an individual like Mike on the job. He planned ahead, called attention to discrepancies, and offered solutions to problems. It was refreshing to have someone offer solutions to problems rather than just call attention to an issue. He has a great attitude that is reflected by his willingness to help.

S

I enjoyed working with Mike and I'm hopeful he will be assigned to future MSU projects. As long as you have employees like Mike, Superior Electric will always be a successful company.
